	<b>Content</b>	"This workbook shows readers how to approach community development from a positive, creative perspective, building on existing strengths and resources. Through a series of questions and exercises, readers first learn to uncover their personal assets, both tangible and intangible. Then they expand to take stock of their community, listing all of its special features. Readers also learn how to design a questionnaire to uncover the hidden assets in their community, those from people or places that are not familiar. Part of the Strengthening Community Education: The Basis for Sustainable Renewal series of four workbooks." [Web site description]
